"Summertime Is Here"

The July 26th meet was a great time for all with Jr. Williams, George and Mary Ester Bollis as are program speakers. Titling your photo can be very difficult for many but these three made it look so simple. The Club and I want to thank them for doing a great job.

Patty Corapi will be doing are August 23 club meeting. This award winning photographer will be sure to astonish us all with her amazing photography. You will not be disappointed.

Come early to get a great seat and help volunteer with all the clubs setup which is always needed and welcomed. Volunteering is what keeps your club successful and fun.

Keep your camera ready, your flash cards clean, and your batteries charged.

In and Out of the Camera

By Patty Corapi

Patty enjoys creating art with a variety of methods and mediums but her first love is photography. Her art has changed as the art of photography has changed and as she has learned new techniques.

As a child, she was fascinated when my father would get out the meter to read the light and capture a moment in time. Later, she had her own darkroom. Now, her a darkroom is in her computer.

Patty says, "the capture of light is just magical. Through a vast variety of methods, I can create pieces that I have envisioned in my mind. Some are as seen through the viewfinder and some are envisioned in

the viewfinder and finished in my new darkroom. I am just as amazed now in my new darkroom as I was a long time ago watching the image develop in the pan."
