January Program:

Speaker: Pat Rice

Photography is my passion but not my full-time profession.

I started out in photography in the late 1970's with the purchase of a Minolta SR201 film SLR camera which I used during my college years. After school I didn't pursue photography very much until I took a trip to Alaska in 2004 with a new Canon Digital Rebel DSLR. This rekindled my passion for photography.

Upon returning from Alaska I joined the Indian River Photo Club and shortly thereafter became involved with the board and later served in many different capacities, including the President of the Club. Since then I have had a real thirst for knowledge and have taken many photography courses at the Vero Beach Museum of Art and also attended several photography workshops.

In 2008, at the urging of a co-worker, whose daughter was on the high school basketball team, I began learning the art of sports photography. This resulted in 2009 in my becoming a part time freelance photographer for Scripps Treasure Coast Newspapers.

I continue today as a part time freelance photographer doing all kinds of sports and low light action photography for Treasure Coast Newspapers and other papers. In addition to sports photography I enjoy travel, nature, wildlife, landscape, concert, ballet and drama photography.
